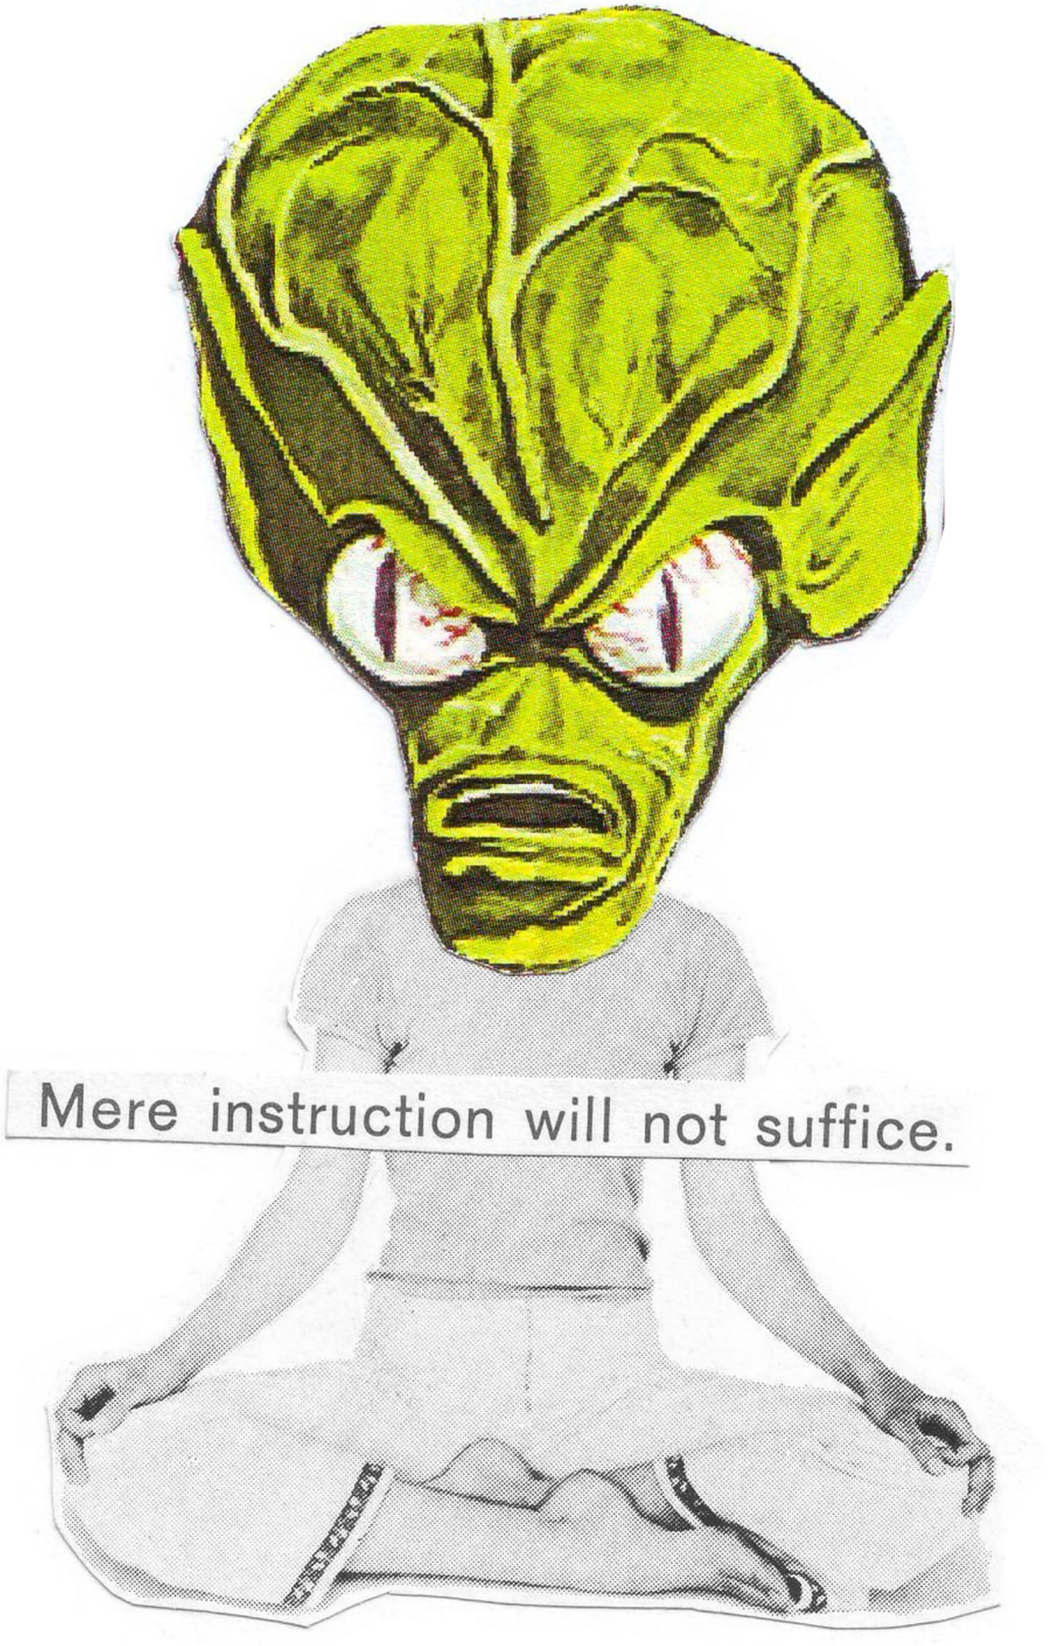
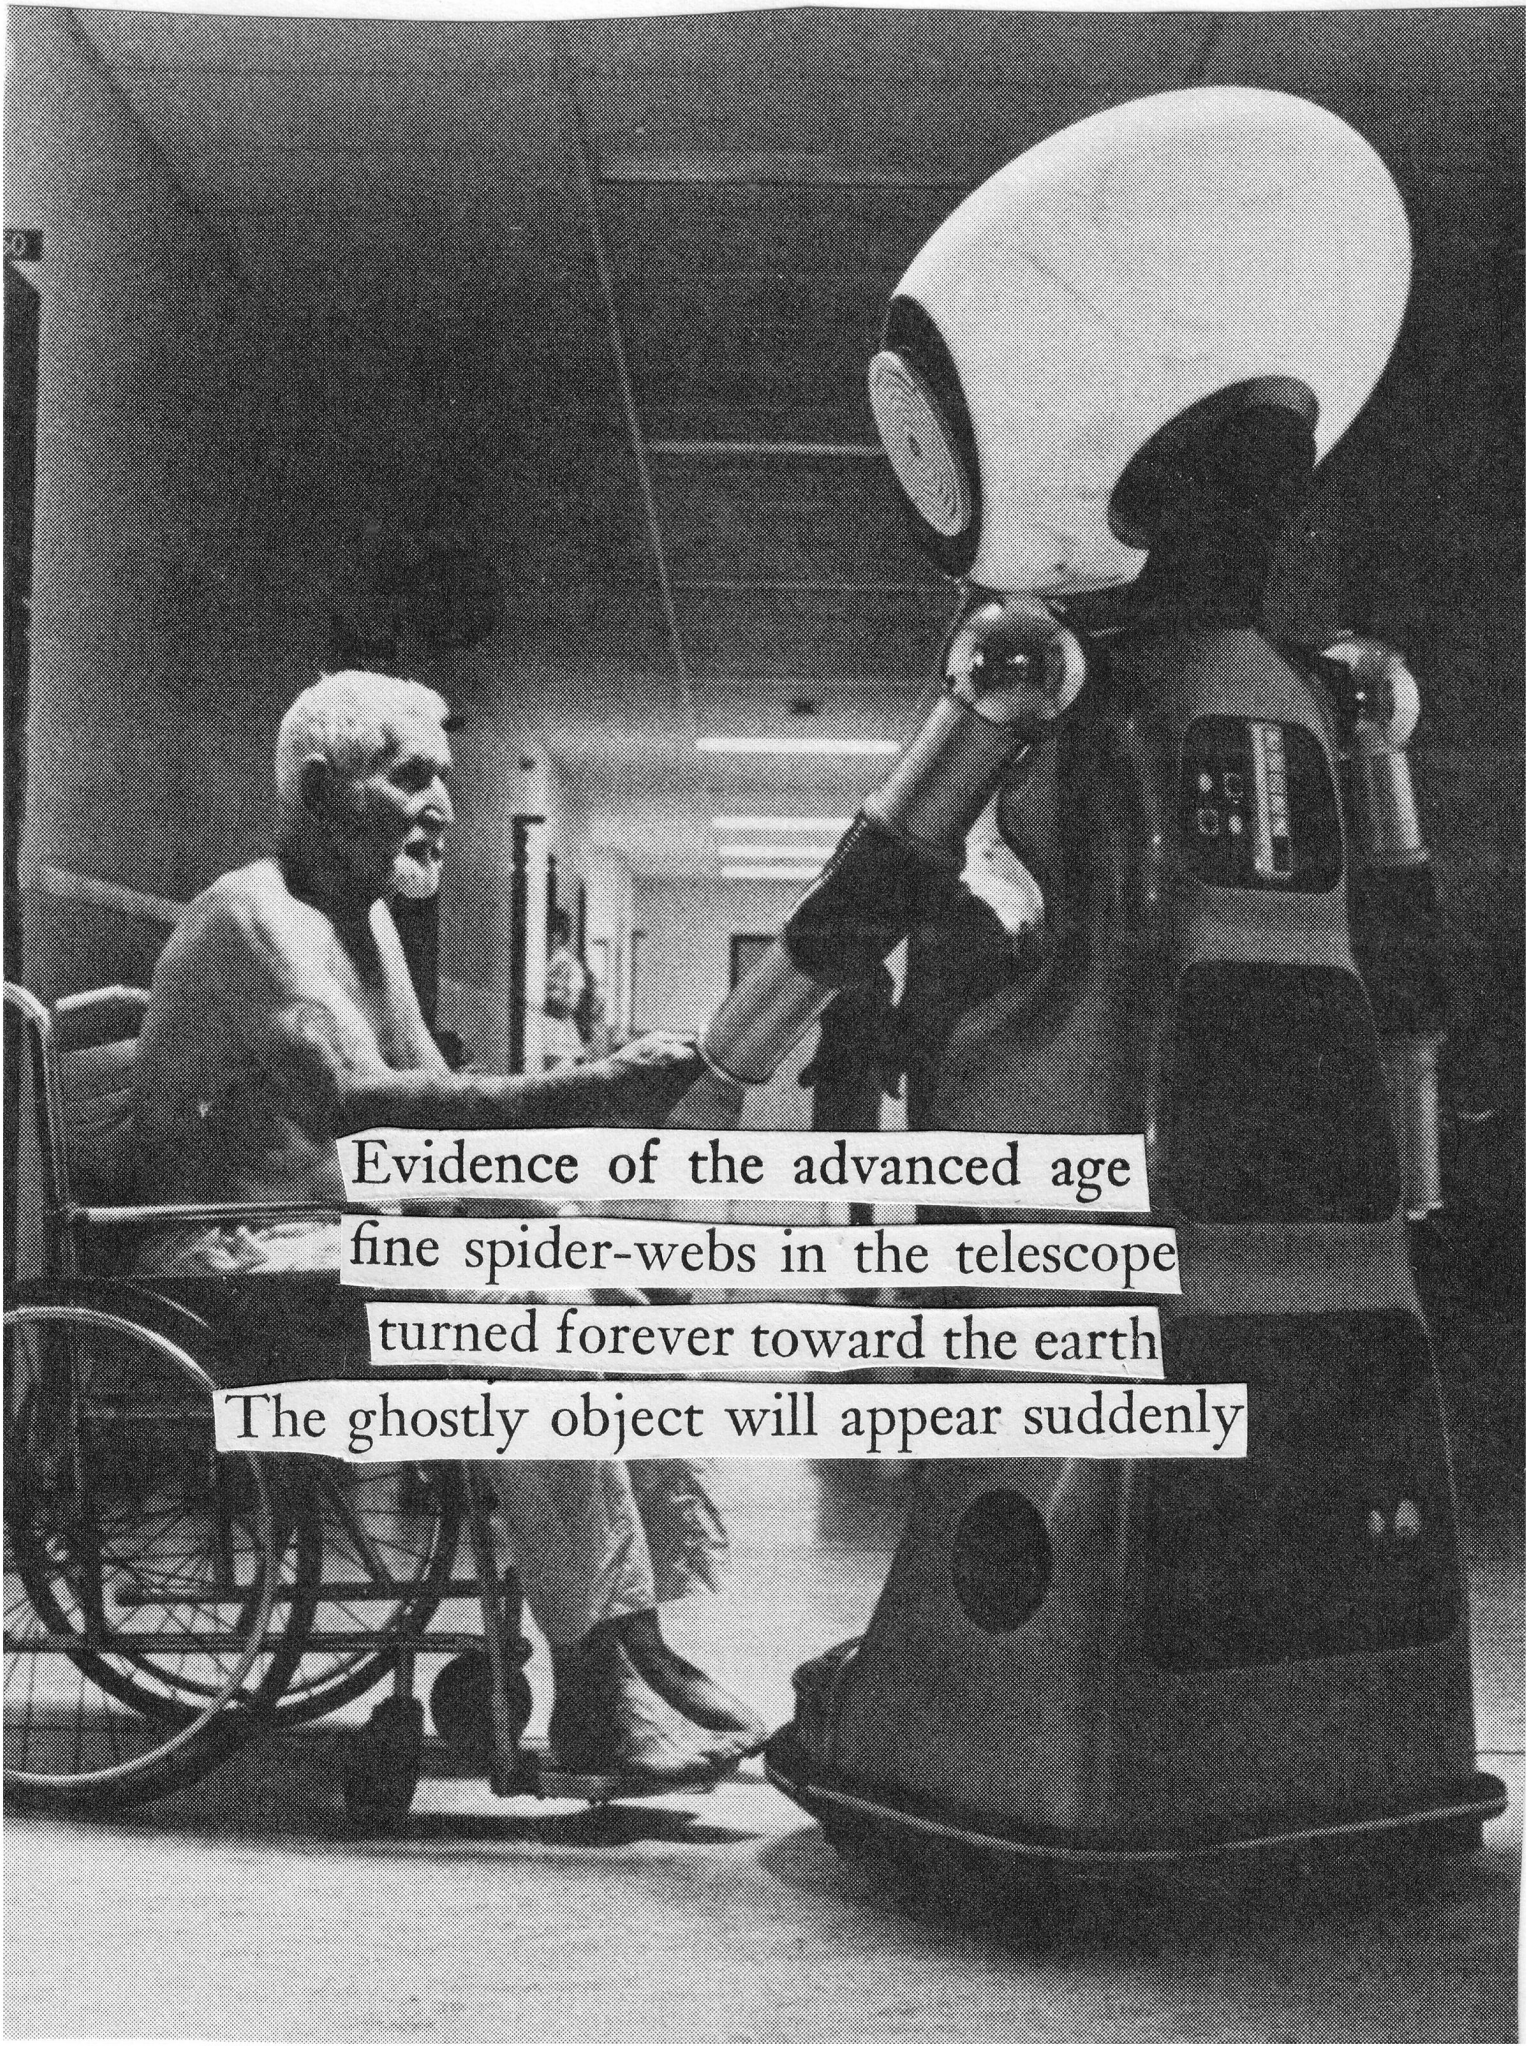
SUBURBAN SURVIVAL MANUAL

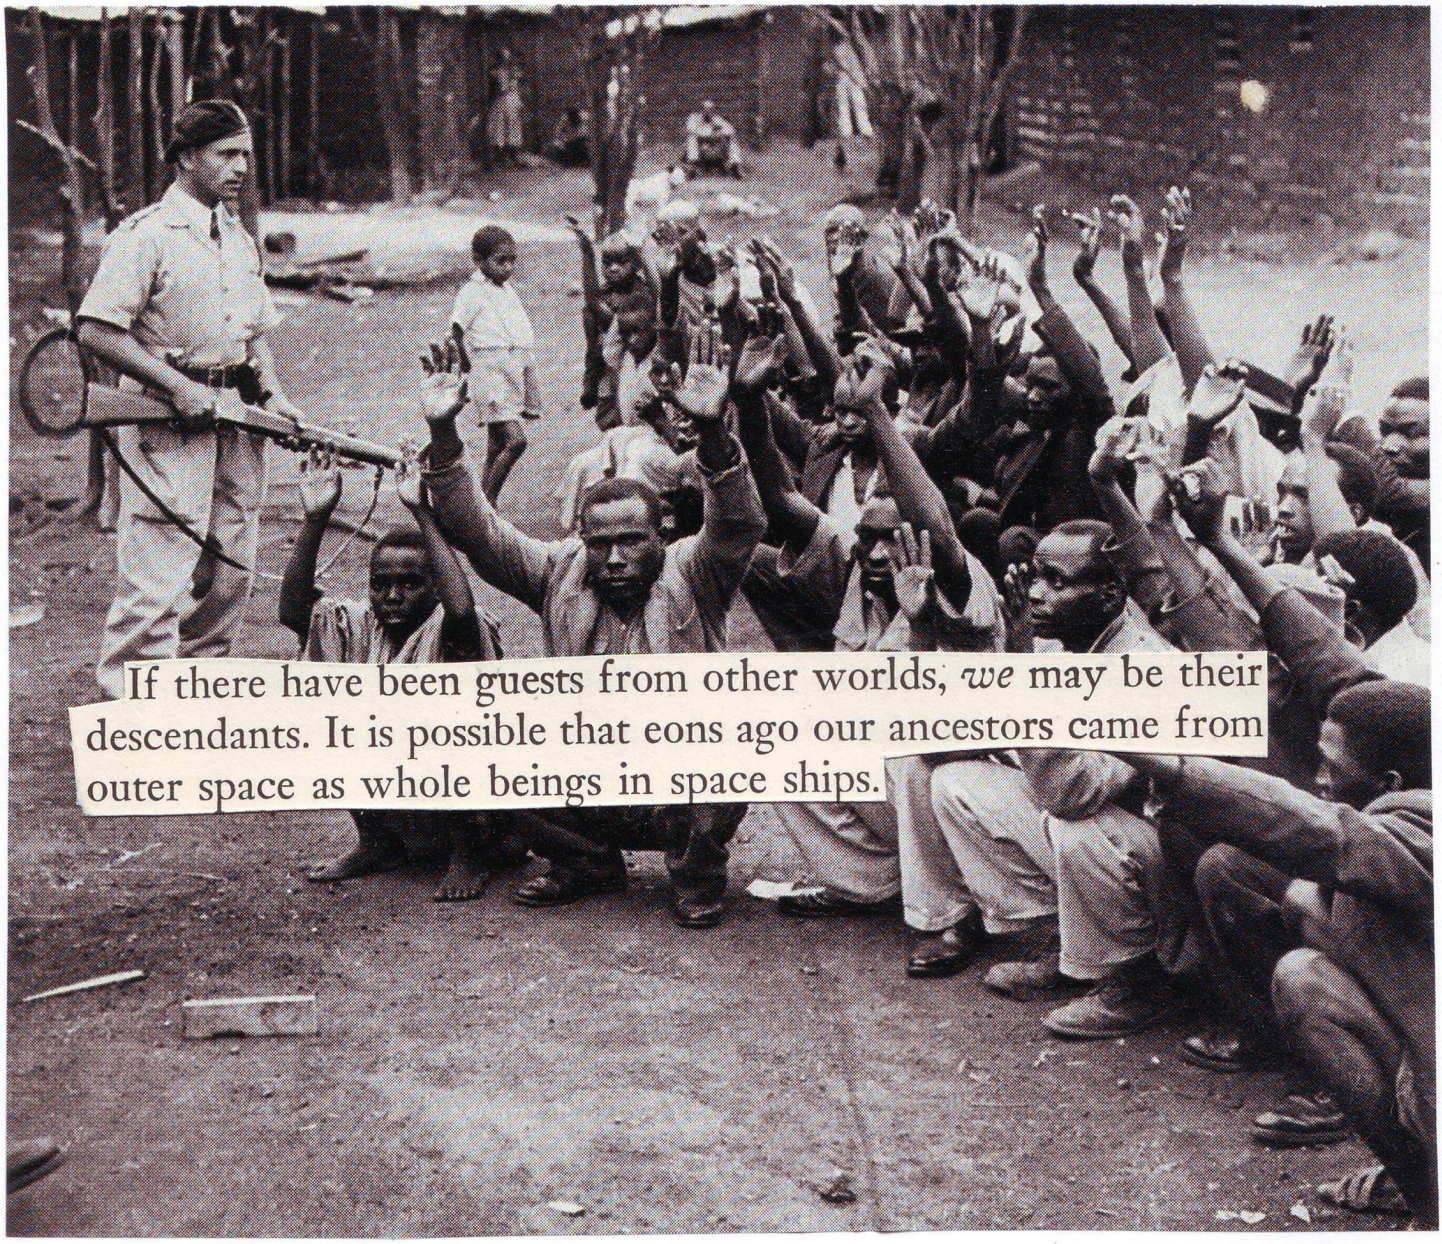


No. 1

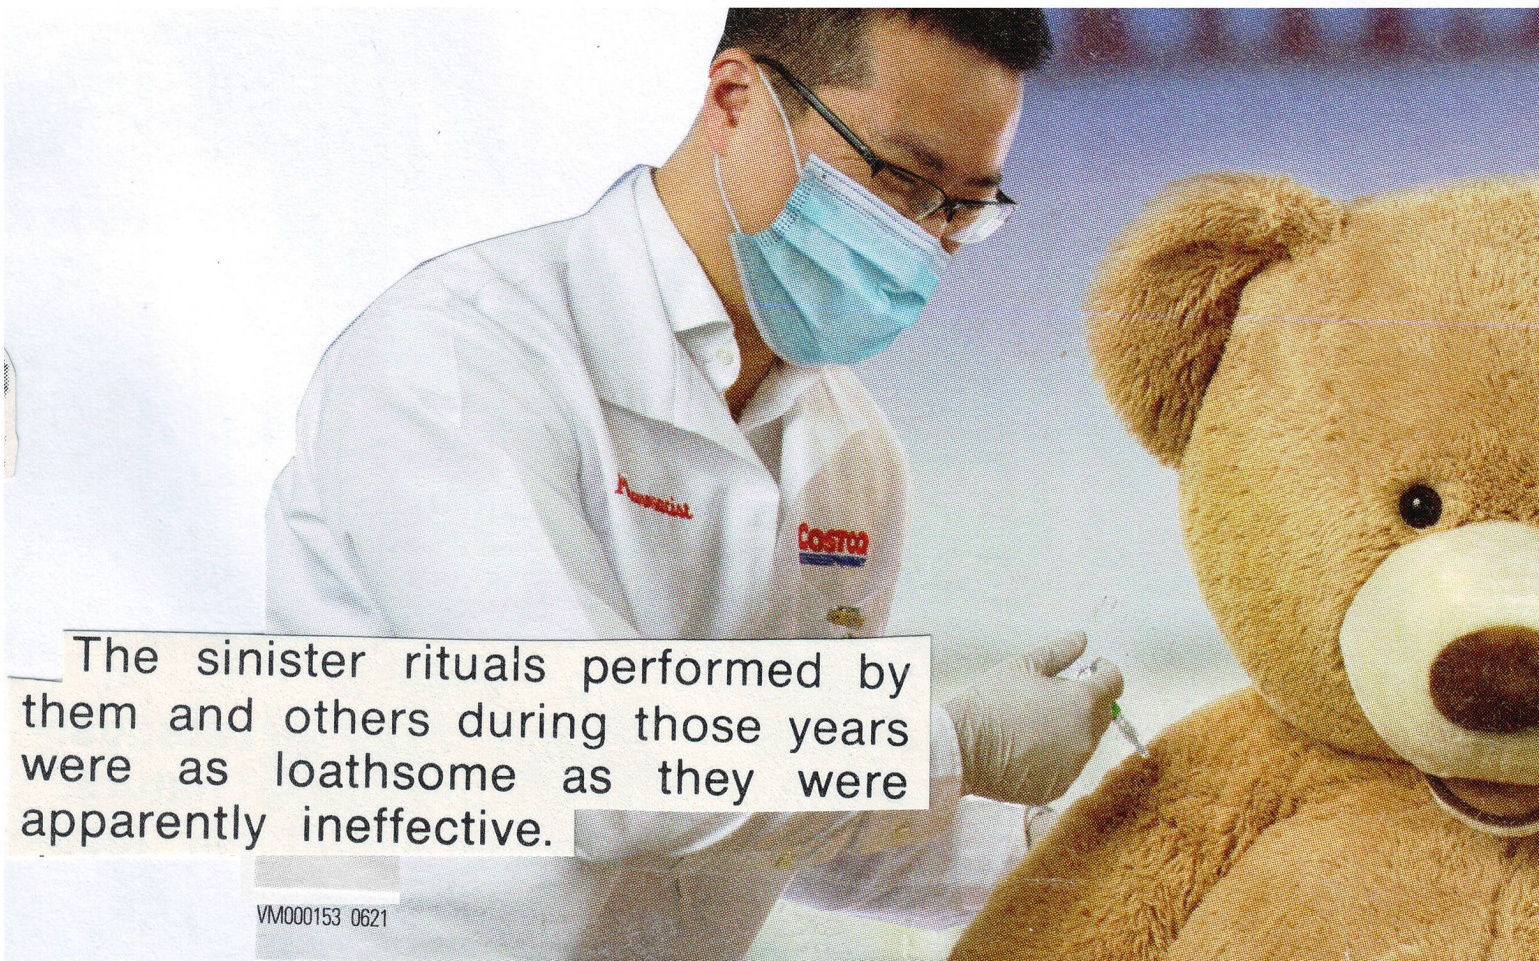
Welcome to our planet
Thus death on earth was only a psychological and astronomical fact



Evidence of the advanced age
fine spider-webs in the telescope
turned forever toward the earth
The ghostly object will appear suddenly



If there have been guests from other worlds, *we* may be their descendants. It is possible that eons ago our ancestors came from outer space as whole beings in space ships.



The sinister rituals performed by them and others during those years were as loathsome as they were apparently ineffective.

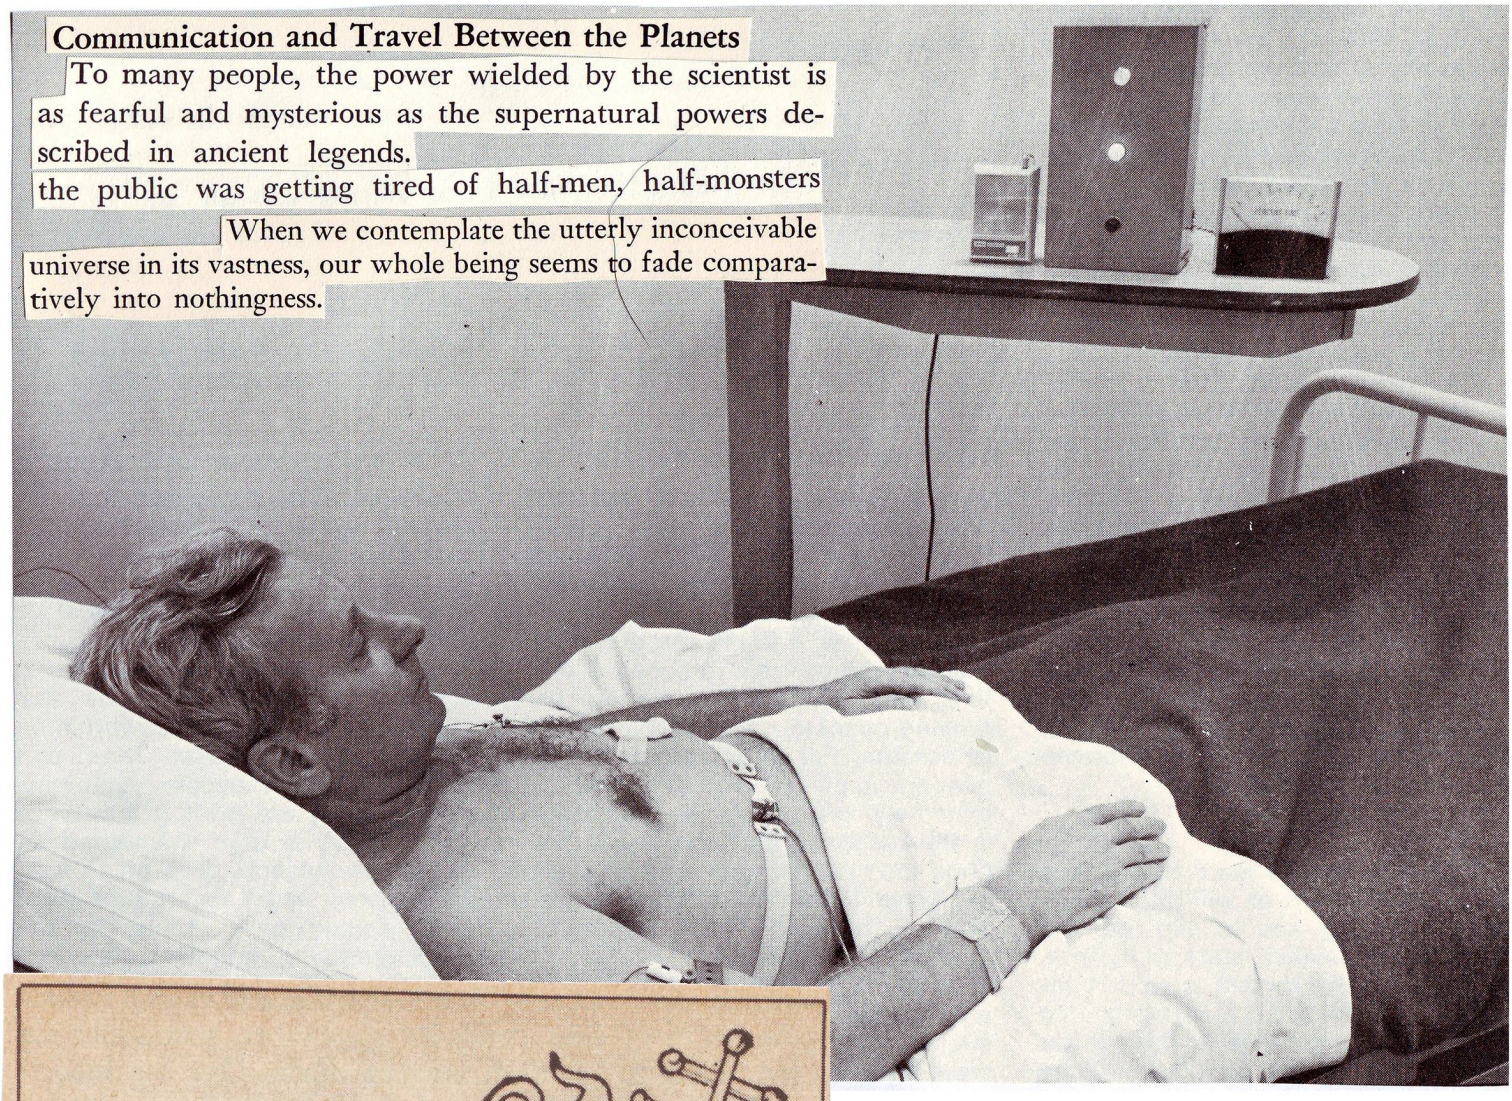
Communication and Travel Between the Planets

To many people, the power wielded by the scientist is as fearful and mysterious as the supernatural powers described in ancient legends.

the public was getting tired of half-men, half-monsters

When we contemplate the utterly inconceivable universe in its vastness, our whole being seems to fade comparatively into nothingness.



robots from outer space planned to blow up the Earth.
